

Did You Know... On April 22, 2010 The Toxic Substances Control Act ("TSCA"), a new law addressing lead-based paint hazards took effect.

This Law Affects **EVERY** Contractor!

DON'T LET THIS HAPPEN TO YOU OR YOUR EMPLOYEES... In adults, **occupational exposure** is the main cause of lead poisoning. Plumbers & fitters, welders, construction workers, and more are at risk for lead exposure. Parents who are exposed to lead in the workplace can bring lead dust home on clothes or skin and expose their children.

FILMTEC
ADHESIVE PROTECTION FILMS

Adhesive Floor Mats Tack-Mats

Tacky surface cleans dust and dirt from shoes when entering or exiting the jobsite. Each mat has 30 disposable adhesive sheets which are individually tabbed for easy removal. Simply peel it away to expose the next clean layer. Excellent for anywhere cleanliness is required.

◆ 4 Mats per case, 30-sheets per mat.

Item	Description	1 (Case)	3+ (Case)
40-0604	24" x 36" Adhesive Sheets	\$115.00	\$109.25
40-4746	Green Mat Frame	\$65.00	—

If lead is present on the hand or surface, it will show an immediate color change to yellow. The yellow color shows the exact location of lead present.

D-LEAD
POCKET SIZE TEST KIT

Pocket Size Lead Test Kit

- ◆ D-Lead® Test Kits are ready to use, fast, simple, portable and provide immediate results. This kit will detect as little as 20 micrograms of lead and can be used to detect lead on surfaces, respirators, tools, clothing and hands
- ◆ Use on respirators to check effectiveness of respirator cleaning procedures
- ◆ The D-Lead Test Kit is designed for detection of lead contamination on surfaces. This includes skin, clothes, tables, chairs, respirators, etc.
- ◆ It is NOT suited for detecting lead in oil, water, soil or paint

Includes: Solution 1 & 2, 20 Test Pads

Item	Mfg #	Price
36-6263	AZ2	\$18.95

Violations of the Toxic Substances Control Act are punishable by a civil penalty of up to \$37,500 per day for each violation.

Knowing or willful violations can lead to the imposition of criminal fines and imprisonment for up to 1 year for each violation. Moreover, many states have their own version of TSCA, so a violation of TSCA means you are also violating that state's own environmental law governing lead paint.

Blue Painters Tape

- ◆ Indoor/Outdoor
- ◆ UV resistant

Zip Wall® Kit-12

Each kit contains 2 jacks and 2 poles that extend to a maximum height of 12 feet. The poles are telescopic with three foot sections. Also included are a packet of two Grip Disks. ZIPWALL is the unique dust control system that can save you hundreds of hours on all kinds of remodeling jobs: carpentry, floor finishing, wall and ceilings, painting, sheetrock work, asbestos or lead paint abatement, demolition ...whenever dust protection is needed. Goes up in less than 5 minutes. Pays for itself in 2 or 3 jobs! For many contractors, ZipWall® will pay for itself in less than a month. It even lets you take on jobs you might have turned down because of dust-control cost.

Item	Mfg #	Price
22-2509	KIT-12	\$139.00

Polyethylene Sheeting

All purpose sheeting protects against water, dust and chemicals. Ideal for construction sites, asbestos abatement, window coverings, and any type of weather protection. Can also be used as a vapor barrier for walls, beams, ceilings and subfloors. Clear or black sheeting is available. For outdoor use, black sheeting has a greater resistance to ultraviolet light.
