Kwik-Stand

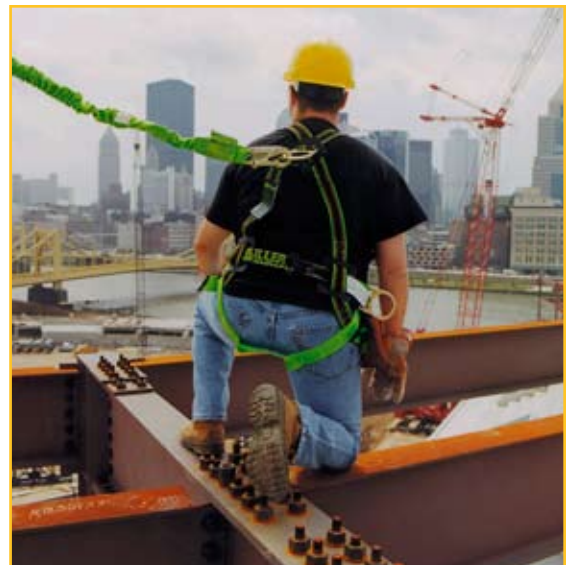

**Kwik-Stand
 OSHA Compliant... Portable Warning Line System
 With "Easy Flag Tie-Off System"**

Tie-off tabs secure pennant flag warning line onto each post eliminating "take-up" and sagging. On corrugated metal roofs use the optional bolt-on extender feet to fit between the roof ribs. Tough powder coat finish for rust free performance in demanding environments. Weighs 34 pounds, 39" tall when assembled, folds down to 39" x 2" x 3-1/2". Complete system includes: 3 ea. Kwik-Stand stanchion assemblies and 105' length of pennant flags. Recommended maximum post spacing every 33'. Complies with OSHA 1826.502 (f).

**Wondering How To Take
 The Guess Work Out
 Of Guardrails? Need A
 Horizontal Lifeline or Fall
 Protection System?**
